DETAILED ACTION

Response to Amendment

1. Examiner acknowledges receipt of the amendment in response to the office action dated 11/20/2006, which amendment was received 04/04/2007. At this point, claims 6 and 21 have been amended and claims 1-5, 17, and 22 have been cancelled. Thus, claims 6-16, 18-21, 23 are now pending in the application.

Disclosure of the Specification

2. In response to amendment, the objection to the Oath is withdrawn. Additionally, the Examiner would like to thank the applicant for the amendment to the priority statement of the specification, which clarifies the priority claim.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art of record does not teach or obviate the claims as amended, the combination including the limitation of destaging when the log disk reaches a threshold. There is no basis for an obviousness rejection with the DCD reference to meet this limitation, because the DCD reference expressly states that the destage is done on a time/idle basis, not done on a threshold basis. (Section 2.3, Par. 2)

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
